

MANUFACTURERS OF PRECISION-MADE
FLEXIBLE TUBING & SPIRAL RECOIL HOSE

ATP has developed the latest technology in tubing, hoses and pneumatic accessories. In keeping with current market demands, our products offer ergonomics and safety to help support assembly and automation applications.

TUBING & HOSES

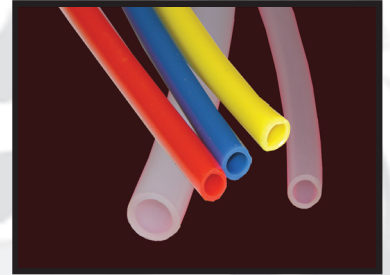

Surrethane® NSF 51® Polyurethane Tubing

98 durometer, NSF 51® certified Polyurethane ether-based tubing for food & beverage applications. Available in Fractional & Metric sizes also used in air, water, and oil applications.

Nylochem® Nylon 12, Value-Tube™ Polyethylene Tubing, & Imbibe™ NSF 61® Polyethylene Tubing

Nylon & Polyethylene industrial grade tubing, and LLDPE tubing for potable/drinking water applications. All available in Fractional & Metric sizes.

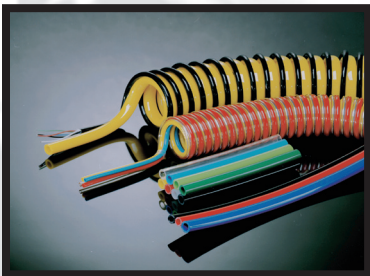

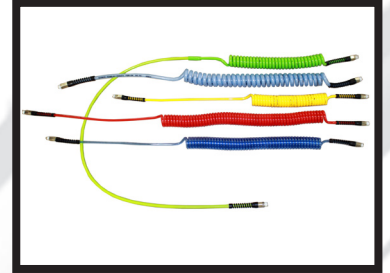

Armor-Weld™ & MonoShield® Spatter Resistant Weld Tubing

Fractional & Metric, polyurethane flame-resistant tubing. Designed for robotic welding and other severe-service applications.

Polyurethane Spiral Hoses

Techniblu™, Technithane™, Armorthane™ Nylon, PTFE, Weld Tubing and our industry exclusive Strong™ and Strong-Plus™ Hose. Custom models are our specialty.

Technibond®

Thermally-bonded, polyurethane tube groupings available in straight and spiral configurations. A 5-conductor wire can be added to carry electric.

New & Improved!

Armor-Air™ Braided Hose

Our Armor-Air™ polyurethane braided hoses are lightweight and flexible. Available in several durometers. Reinforced with nylon for greater working pressures. Coupled with field repairable brass compression fittings.

PNEUMATICS ACCESSORIES

The Improved Free Angle[®] Swivel Fitting

The rubber boot has been replaced by an exclusive steel cover giving it a much longer service life. Our two rotation points make this superior to the imitators. The ergonomic, patented 360° circular rotation and 45° angled rotation makes this fitting indispensable for air tool and assembly applications.

Hose & Tool Balancers

Durable cases and high-quality internals make up our balancers. Ideal for workstation ergonomics.

Oetiker[®] Clamps

The original ear clamp for industrial hose. #1 global brand for the clamping of hoses, pipes, and other objects for over 60 years.

Quick Disconnect Couplings

Available in low pressure, steel, brass and stainless for pneumatic applications. Several models of safety couplings are also available from stock.

Brass Fittings

ATP offers a full line of brass fittings to meet your connection needs. We offer hose fittings, hose barbs, pipe fittings, and muffers in both fractional and metric sizes. Available in NPT or BSPT.

Technifit[™] Push-To-Connect Fitting & Flow Controls

Plated brass & resin fittings are made to extremely tight tolerances and work with ATP tubing to eliminate leaks. Our variety of fittings represents a large selection of the most common models, and sizes including stainless materials.

Blow Guns

ATP offers a wide variety of blow guns ranging from an economical safety blow gun to rugged high end ultra quiet blow guns, all available with various interchangeable nozzles.
