

Oetiker® Pricing Adjustment - May 15

April 28, 2023

To Our Valued Customers,

Oetiker® informed ATP that a general price increase will go live on May 1, 2023. ATP will implement these changes on May 15, 2023. The increase is expected to be 5% in most instances. As you may be aware, ATP's pricing is tied closely to Oetiker's published list pricing.

As with all ATP pricing adjustments, any orders placed before May 15th will have current pricing honored.

ATP is an Oetiker® Preferred Distributor, we are committed to adding value to your clamp and tool purchases. If you have any forecasting or advanced purchase knowledge, we'd be happy to review and adjust our inventory as appropriate.

If you have any questions or concerns, as always please contact your ATP sales representative, or email us at info@atptubing.com

Sincerely,

Duane Campbell - V.P. Sales and Marketing
